The Cryptic Rite Charitable Foundation Inc. is a public foundation registered with the Canada Revenue Agency. (BN 11922 9177 RR0001) It was founded by Letters Patent in Ontario in 1982 to provide a means to fund research into neurological diseases.

The objectives of the Cryptic Rite Foundation are:

To receive, maintain, control and use donations exclusively for charitable purposes in Canada;
To use its donations and investment income to fund research into neurological diseases, particularly Alzheimer's and Parkinson diseases.

FACTS ABOUT THE FOUNDATION

All administrative costs of the Foundation are donated by the officers and directors of the Foundation.

Over the last eighteen years the Foundation has donated \$ 375,000 directly to Dr. JoAnne McLaurin's Alzheimer's research projects.

Funding is provided primarily from three sources:

- Personal contributions from Cryptic Rite Masons and friends of the Foundation;
- Bequests from estates of individuals who made provision in their estate planning.
- Investment income earned on the capital;

The Cryptic Rite Foundation qualifies as a charitable foundation under the Income Tax Act (Canada) and issues income tax receipts to anyone making a donation.

In 2012 the Foundation went from being supported just by Ontario Royal and Select Masters to include the Supreme Grand Council Eastern Jurisdiction of Canada Royal and Select Masters and the Grand Council, Royal & Select Masters Western Canada. The Board of Directors is comprised of members from right across Canada. All officers and Directors serve without remuneration.

THE VISION

To help find a medical solution to cure Alzheimer's and Parkinson Diseases.

CHARITABLE PROGRAM

Prior to 2001, the Foundation granted funds to Foundations that supported Alzheimer's and Parkinson disease.

In 2001, the Foundation became aware of the research being done by Dr. JoAnne McLaurin, now at the Sunnybrook Health Sciences Centre in Toronto.

A part of this research was to develop a vaccine or small molecule to combat the progression of Alzheimer's disease and perhaps to reverse its progress. That research is continuing and advanced testing is still being done to optimize beneficial outcomes of both strategies .

The Researchers are very hopeful that one of these strategies may eventually provide help to people suffering from this devastating disease. However, many more years of research are required.

HOW CAN I HELP OUR FOUNDATION MEET IT'S COMITTMENT?

The Foundation's growth over the last eighteen years (\$100,000 to over \$425,000 in capital) is through the generosity of the members of the Royal and Select Masters across Canada and their friends who have donated to our capital fund and the tireless efforts of speakers at all functions.

Many of our members have been affected by or have known family or friends that have suffered from this debilitating disease and by donating are making a difference, we hope, for future generations. Research is expensive but the cost of the disease in human and financial terms is beyond calculation.

We hope that with this brochure we can continue to get the word out about the exciting research being done and that will simulate you and your friends to help us in our quest for funds to continue our support of research.

If you wish to talk about this research and our Foundation, please do not hesitate to contact any Director.

The Cryptic Rite Charitable Foundation Neck Jewel & Lapel Pin are presented in recognition of donations totaling five hundred dollars or more.
